

Newport M.U.D. Community Newsletter

The Newport MUD and NPOA Boards are pleased to announce that they have teamed up with **Trees for Houston to have 200 trees brought into Newport.** Trees for Houston is a nonprofit organization that has been planting trees in and around the greater Houston area since 1983. In that time the organization has planted over 600,000 trees. The organization has an ambitious goal of planting 100,000 trees in and around Houston in the next five years.

Both the NPOA and MUD Board Presidents have met with representatives from Trees for Houston and arranged for Newport to receive at NO COST to our residents, 175 Live Oak trees and 25 Red Maple trees. The trees will be delivered to Newport around October 15, 2021 and will begin being planted throughout the District at the end of October or beginning of November.

The Board anticipates having a small amount of extra trees and would like to invite any resident of Newport that is interested in receiving a free tree to log onto www.newportmudtx.org and register. If you have any question about this program call 281-324-9803.

There are a limited number of trees that will be given out so if you are interested in receiving a tree don't wait to sign up.
